

Dear Friends,

April 21-30, 2017, I am hosting a tour of the land of the Bible, and this is your personal invitation to join me. Visiting the Holy Land is an unforgettable, faith-maturing experience.

Israel: There's no place on earth, quite like it. Nothing can replace the experience of discovering its secrets, breathing its air and stepping directly into its biblical history. If you're a Believer, the Holy Land has already impacted your life. Now I invite you to experience this life-changing power firsthand.

For thousands of years, no place has been more precious to God's children than the land of Israel. God used the land to shape the lives of His people in the Bible—and He is doing the same today. That's why we've specially designed the Multi-Cultural Ministries 2017 Israel Tour to be more than just a journey through history in an exotic part of the world. Our tour is customized with rich and meaningful experiences built right in.

If you've ever longed to visit Israel, I'd recommend you to take advantage of this outstanding opportunity. I will be teaching from God's Word at strategic locations along the way. We'll sail the Sea of Galilee, and we'll visit other places where Jesus spent most of His time. Our hearts will be knit together through one profound experience after another, culminating at the intimate, quaint Garden Tomb in Jerusalem.

Seriously pray about joining us. Dream a little. Imagine walking along those sacred places. Let's start planning for the trip of a lifetime together! This exciting time together in Israel is guaranteed to be like nothing you've ever experienced. Join me on this remarkable introductory 2017 tour. I guarantee that you will never be the same.

I'd invite you to make your reservation soon, due to our limited space. As always, we expect an overwhelming response . . . and I don't want you to miss out.

I hope you'll join me for this incredible, faith-enriching experience!

Anticipating great things ahead,

David McLauren
